FYI's mission is to empower families and provide hope. Everyday families and children are suffering from traumas caused by generational cycles of abuse and poverty. FYI's solution is to rescue and protect those families and children to prevent future trauma by redirecting their paths through education, training, and support in our multiple programs.

The Parenting Network has 4 locations to serve expectant mothers and fathers, as well as parents or guardians of infants and children. Participants can earn material items such as cribs, car seats, strollers, diapers, clothing, etc., by completing lessons on pregnancy, childhood growth and development, parenting, relationships, and life skills. Lessons are offered digitally, providing participants the opportunity to complete that at a convenient time. Our dedicated staff and mentors meet with clients during 1-hour sessions to review lessons and provide support.
